This year was a memorable one for sure! Be on the lookout for a familiar panther as they cheer on all the different events we had this year. From 2023 Prom pics to Dr. Jane Goodall's talk, we tried to capture everything that went on at PSHS. We hope you like the yearbook and look back fondly at your time here at South.

A letter to the class of 2024

Dear Class of 2024,

It is hard to believe that you are now high school graduates! In thinking back to your freshman year, it was a very different time for you as students and our entire school community; it was the fall of 2020! You began school in mid-September, you participated in remote Mondays, only attended school two days a week, cleaned desks each period of the day, you were six feet apart, and everyone was in masks for the first year and a half of your high school experience.

Thankfully, those years are in the past, but what I will always remember about the class of 2024 is your personality. You are a class that celebrates one another, you embrace opportunities, you have demonstrated that you love to travel, and you are incredibly caring and inclusive in your actions. I would like to take this opportunity to say thank you! Thank you for being one of the finest classes to walk the halls of Plymouth South, and thank you for your patience and resiliency during your high school years. Through your actions, you have enhanced the PSHS community.

It has been my pleasure to be your principal these past four years, and I want to thank you again for welcoming me back in the fall of 2020. We entered together during a pandemic. You are thoughtful, kind, very entertaining, and you bring smiles to us all. When you are reading this letter, you will be almost at the stage for graduation and receiving a lot of advice. Continue to care about people, be kind, and remember that people and relationships matter. Congratulations Class of 2024 - you made it!

Mrs. Fry

Mrs.Fry
Principal

To the Class of 2024,
It is my sincerest hope that as the 2023-2024 school year ends, you find that you have a clearer vision of who you want to be and where you want to go. Perhaps even more important than having a specific goal in mind, I hope that you have come to appreciate that it is all up to you. All of us in the Freshman Academy know that we can always improve our approach, but please know that we have worked hard to instill in you all a sense of empowerment - a sense that you can take action and choose your path through your own dedication and hard work. As you leave us let me assure you that we will continue to offer you support and guidance as you take your next steps forward on your path. You know where to find us! We welcome opportunities to help those we have seen before, and appreciate any questions you might have or feedback you might give us about your first year in high school. Even if it's just to visit and say hello, we would love to see you! Until then, be mindful, communicate, include, persevere, and stay informed. These are the pillars of a rewarding and fulfilling life. You are on your way. Thank you for all your effort this year. It is the challenges that shape us. I know you can meet those that come next!
All the best,

Mr. Jonathan Evans
Assistant Principal, Freshmen Academy

Class of 2024,
Congrats! From the moment I arrived at PSHS in late August, you have welcomed me with open arms. Your commitment to academics, athletics, clubs & community is second to none. But how you treat each other and everyone around you...your commitment to creating a community where everyone belongs is truly impressive. Best of luck in everything you do and thank you for welcoming me into your community!

Mr. Mark Duffy
College, Career and Technical Education Director

ABOUT DR. GOODALL

Dr. Jane Goodall is a renowned primatologist, ethologist, and anthropologist, best known for her groundbreaking work with chimpanzees in Tanzania's Gombe Stream National Park. Born in 1934 in London, England, she ventured to Africa in 1960 to study the behavior of wild chimpanzees, revolutionizing our understanding of primate behavior and our relationship with the natural world. Through her pioneering research and advocacy, Goodall has become a global icon for wildlife conservation and environmental activism.

Famous Goodall Quotes:

"What you do makes a difference, and you have to decide what kind of difference you want to make."

"Every individual matters. Every individual has a role to play. Every individual makes a difference."

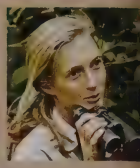
"We have so far to go to realize our human potential for compassion, altruism, and love."

680

Students and Teachers filled the PAC to hear Dr. Goodall's speech

Another 400 tuned in on the livestream from around the school to watch!

DR. JANE GOODALL



As a part of her "Roots and Shoots" program coming to Plymouth, world famous primotolgist Dr Jane Goodall came to PSHS to share her story. Over the course of 90 minutes, Dr Goodall spoke and answered questions all pertaining to her efforts in conservation and love of nature and wildlife.

Charlie Walker (9): "If you could go back and change one thing over your career, what would it be?"

Jane: "If the world wasn't a mess, if I didn't feel compelled to travel around and raise awareness and so on, I would say I would have liked to have stayed in Gombe."

Madigan Chubb (11): "Has working with chimpanzees changed your opinion on humans?"

Jane: "yes, it helped me to better understand human behaviors and why we act the way we do, like animals sometimes."

Grace Dumas (12): Other than chimpanzees, whats your favorite animal.

Jane: "You probably guess its a chimp but you're wrong it's a dog."

Students were moved by the inspiring message that these creators shared with all of us.

33rd Annual Senior OKTOBERFEST

Oktoberfest Activities

Flips: There was no shortage of impressive flips, tricks and dances at this year's Oktoberfest, the seniors really brought it all! From competitive Cornhole tournaments to delicious donuts, this year truly had something for everyone.

Spikeball: Walter getting ready to set a perfect serve.

Hacky Sack: Mr Yaeger proving he can still hang by showing off his skills

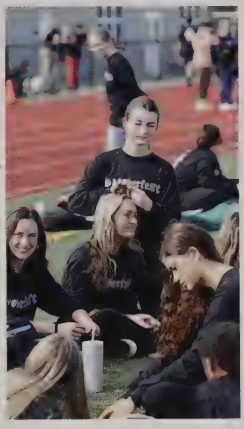
CORNHOLE

Cornhole was in full swing at Oktoberfest. With no shortage of boards, there was however, a shortage of sleeves, as many senior boys decided they needed to shed the extra fabric. (for proper cornhole form of course)

After battling it out with over 20 teams, the winners of the cornhole tournament were **Calvin Shortall** and **Gabe Takahashi**



HYPNOTIST

The hypnotist this year went all out. After hypnotizing some volunteers, he made them do a bunch of wacky stuff. From making animal sounds, to driving imaginary cars and even lying to imaginary cops! There are still some non believers that these students were actually hypnotized. All we have to say to that is look at the image below.

Cornhole Fact

Thomas Edison once cried after losing a game of cornhole.

PEP RALLY

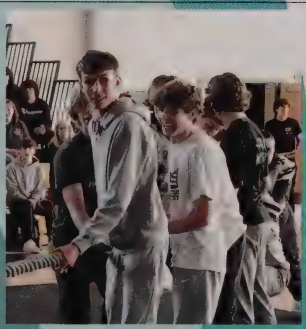
What the flip?
On top of competing for Panther Points, the Pep Rally this year also featured performances from the Dance Team and Fall Cheer.

Tug of war
After loads of smack talk, the classes put it all on the line to see who was the strongest.

Bumper ball
Students bumped and rolled trying to score on each other.



GIG BAND ROCKS

PSHS was treated to an amazing set of live music performed by the very talented gig band. Playing classics such as Viva La Vida and Get Back, it was truly the perfect soundtrack for the grades to battle it out.

SHE CAN SING!
To mark the beginning of Pep Rally, PSHS was treated to Senior Catie Theran singing a beautiful rendition of the National Anthem.

Last Day May 24th, 2024

Hypnotist/Oktoberfest

Waking Up

He wakes up in the morning and it's quiet.
Soft rays from the rising sun warm him as he blinks awake.
His eyes widened in surprise:
Somehow he slept in till 10 o'clock.
There is the sound of chirping birds and a lawnmower outside his window.
He pushes his sheets off his body,
stretching his small, doughy limbs and yawning.
He is seven again, without a care in the world.
He hops out of bed with a forgotten liveliness, then
stumbling down the creaky wooden stairs,
he admires how the window at the bottom of the stairs illuminates the
specks of dust dancing through air.
The scent of chocolate chip pancakes wafts into his nose.
He waddles towards the kitchen to see his father bent over the stove as
pancakes bubble in the frying pan.
A sense of warmth floods over him
as he sits down at his old, wooden kitchen table.

Now, you wake again, except it's completely silent,
and you are no longer seven.
The songs of the birds have gone deaf to your ears:
the alarm clock now replaces them.
You lazily roll over, rubbing your groggy eyes as you turn to the clock,
beaming a bright red [illegible] into your [illegible] retinas.
You're still tired, the dread of the approaching day weighs like [illegible] as you
ask yourself why you didn't enjoy the freedoms of childhood more.
You trudge down those same creaky stairs,
you take no notice of the light.
You sit alone at the counter with slightly soggy Eggos.
You recall how you used to play in the backyard
without a care in the world.
Now, you do have cares.
You care about grades, deadlines and GPAs.
You care about the daunting future ahead of you.
You care about the screwed-up world
that you have come to realize you live in
You miss being a child, and wonder why
you didn't appreciate being seven more.

Yet when I awoke this morning, I found myself
realizing that I am moving on from this
small portion of my life,
and that it is a time that should be enjoyed.
Just as I reminisce over my childhood,
I know my parents
-as well as other adults in my life-
look back at their teenage years with a fondness,
perhaps a sense of freedom reignited
from the memory of those turbulent years.
I come to realize what adolescence really means:
It is a time of "self-discovery."
And as annoying I found that phrase to be in the past
it makes sense now.
So, while it's nice to look back at childhood memories,
I want to look forward now, creating value in my life,
and in the lives of others, fully awakening
to each day's sights and sounds, cares and worries,
knowing that we are always making memories
to look back on in the future.

From your President

Class of 2024,

Every graduating class is known and remembered for something. I have been told that our class is known for being too talkative. However, there is a common notion tha our generation as a whole lacks interpersonal skills, influenced by our heavy reliance on phones and social media. Throughout the last two years of high school, we've even been required to surrender our phones at the start of class to stay focused on the curriculum.

Contrary to this perception, our class is exceptionally social. I have been told repeatedly by senior class advisors Ms. Shaver and Ms. Ivan that it is nearly impossible to quiet down the class of 2024. Regardless of seating arrangements, our communication persists. Though this is deemed as a negative trait, we are effortlessly able to form bonds with one another despite our differing personalities and interests—an admirable quality of the Class of 2024.

The Plymouth South Class of 2024 is one that defies the stereotypes placed upon Generation Z. It is our enthusiasm for connections that leads me to believe our graduating class will be highly successful in the future. Although our screen time may still be through the roof, our ability to communicate and build relationships with one another is something that will be necessary in whatever field or career path we choose to take following graduation.

While classrooms may not be the designated space for socializing, it is within Plymouth South's walls that the Class of 2024 has forged friendships that extend into our personal lives. We are an energetic and spirited group, cherishing time spent together at Friday night football games or homecoming dances. Our anticipation to socialize sets us apart and is what makes us such a special group.

The connections we formed with each other over the years have shaped us into who we are today, and as we leave behind our high school routines, we take with us the ability to communicate with one another and create valuable bonds. So remember to continue talking, and don't let your voices be quieted. Thank you, Class of 2024, for the unforgettable memories!

Sincerely,
Senior Class President Rylee Kane

Matteo Brissette

Matteo,

What a ride it's been! 4 years of excellence capped off with a NHS member, great colleges to choose from and your 18th birthday.

We've told you over the years just how proud of you we are. From the countless awards you've received, to your natural talent at art since you were a toddler, and your relentless pursuit for perfect grades, you've never taken your foot off the gas. You set a perfect example for your brothers to follow.

We've been blessed by having the opportunity to watch you grow from an incredibly cute, smart child into a handsome young man. As your parents, we believe in you to realize your full potential and make a difference, regardless of your career.

So as you take another step towards independence, please don't forget the little things that got you to this point. You are where you are today because of your hard work and dedication.

Be faithful to yourself and your work ethic. Have fun! Learn. Be respectful! Get plenty of sleep. Eat well. Use your manners. Think of us often. Know that we are always here for you. Know that we love you. Congratulations Teo!

Love, Mom and Dad

Haley Tancredi

Haley Elizabeth,
Words cannot express how proud of you we are! Your ability to adapt and overcome any and all obstacles with smile and grace reminds us how special you are! We love you to the moon and back.

Love,
Mom and Rich

Noah Doyle

CONGRATULATIONS!

We are so proud of everything you've accomplished. We can't wait to see what the future holds for you. We love you so much!

LOVE, MOM & DAD

Samantha Adams

Congratulations!

We are so proud of you!!

Love, Mom and Dad

Carley Siegelman

Congrats CJ
We love you more!!
Dad, Mom & Nicholas

Dillon Volkringer

Congratulations Dillon!

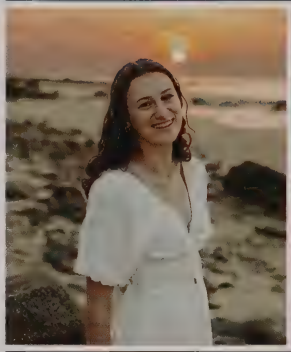
We are so proud of you! You have become such an amazing person with such a bright future ahead of you!

Love, Mom, Dad, Logan and Rocky

Rylee Kane

Congratulations Rylee Belle!
We are so proud of all you have accomplished during your four years of high school. From our quiet, shy, "mama's girl" to a strong, independent, young woman, you have achieved so many things and we can't wait to see what your future holds. Keep reaching for the stars and make your dreams come true!
We love you!
Love,
Mom & Dad

Lucia Gizzi



Congratulations, Lucia!

You are our shining light! You bring curiosity, wonder and joy to everything you do. We love you to the moon and back, forever and always!

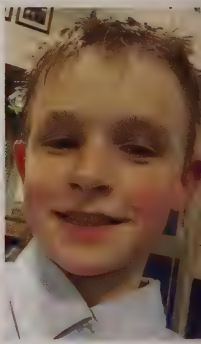
Love, Mom, Dad, Hugo, Stella, Maui and Clementine

Caleb Edward O'Brien

Congratulations Caleb!

I hope you always live your best life by dreaming big and then working hard to make all your dreams come true.

I love you and I am so proud of you.
Love, Mom



Molly Simpkins

Congratulations! We are so proud of you! Keep all of your wonderful high school memories close to your heart and let them always bring a smile to your face. The future is bright and the best is yet to come . Don't be sad that it's over, be happy that it happened. We love you always.

xoxo. Mom, Dad, Charlie and Nanny

Jarrett Litchfield

Congratulations!

Welcome to the world sweet baby!

You were a beautiful, perfect boy the minute you were born and your bright, brilliant light has never dimmed. We are so unspeakably proud of the young man you have become inside and out.
Take this knowledge with you as you forge your own future & happiness.
This is one of the big moments in life ... now put your clothes away!

Love you always,
Mama & Dad

Rylie Plant

Congratulations Ry!

We are so proud of you and all you have accomplished. You are so kind, so determined, and so strong. You are beautiful inside and out. Keep smiling and most of all keep having fun! We love you tons!
Happy Graduation!

Love,
Mom and Rich

Sophia D'Eramo

Sophia,

You have risen from the ashes of what life has thrown at our family, as the most beautiful Phoenix we could have imagined. Your beauty springs from within and draws the world to you. We are so proud of you. And yes, not only do you need music, but music needs you.

We cannot wait to see not only what the future holds for you, but what you bring to the future.

Don't forget, you are stronger, more powerful, and more beautiful than you know. Always remember where your strength comes from, never let the music within you fade, and keep sharing your amazing soul with the world around you.

Keep making us all proud - and yes, that includes Chad.

We love you!

Love,

Mom & Dave

Matteo and Lauren, cousins born 6 days apart and have been close ever since.
You both have achieved much in your 12 yrs of schooling and are now heading forward to new experiences and responsibilities. Now it's time to turn the page for the next chapter of your story. Congratulations on your Graduation! We have watched you grow and succeed in many ways, and here's to many more years of enjoying future pursuits!
Your Proud and Loving, Meme & Poppy

Ashley Gilbert

CONGRATULATIONS!

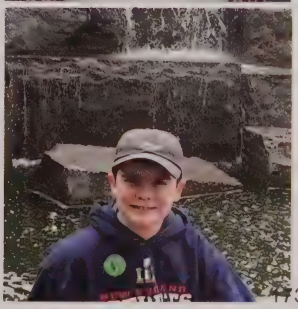
We are so proud of the beautiful woman you have grown into. We know you have the determination,kindness and strength to reach your goals . We can't wait to see what your future holds! Wherever you go,go with all of your heart!
Love , Mom & Dad

Patrick Vetter

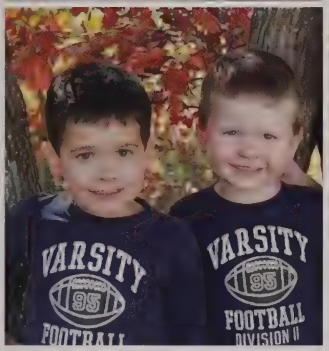
Congratulations Patrick!

We are so proud of you! Always be true to yourself, work hard, be faithful in all you do and we know that you will achieve great things. Remember it's just " Another turning point, a fork stuck in the road
Time grabs you by the wrist, directs you where to go
So make the best of this test, and don't ask why
It's not a question, but a lesson learned in time
It's something unpredictable
But in the end, it's right
I hope you had the time of your life"

The best is yet to come. Love Always, Mom and Dad



Owen & Gavin Schultz



Congratulations! What a journey we have all been on together. The comedy you two have provided over the years is truly priceless. Like the night I could over hear Owen saying Mother Ace and I came into your room to find you both in the top bunk playing poker. You were 6 years old and I thought what are these two going to be like when they go to college. Just like that here we are. We are so proud of you both. "Family like branches on a tree, we all grow in different directions, yet our roots remain as one." With Love, Mom, Dad, Lily & Vivian

Haylee Briggs

Haylee,
We are so proud of your many talents and accomplishments. You are an amazing woman of God who brings joy and laughter to everyone around you. Continue to shine your light everywhere you go. We know you will slay anything that comes your way.

"May He give you the desire of your heart and make all your plans succeed."

Rylie Plant and Caleb O'Brien

God made us cousins because He knew our mothers could not handle us being siblings!

"He didn't do it.
He wasn't even there."

Ashleigh Blaisdell

Congratulations!

Ashleigh,
We are so incredibly proud of all of your hard work! Watching you grow and become the wonderful person you are today has been the biggest joy in our lives. We have loved every moment these past school years have given us.

Now is the time to fly! You will do amazing things in this world and we are so happy to watch you take on big things!

We will always be here for you! Thank you for being so funny, caring, generous and kind to everyone you meet and the animals you love!

With Love and Pride,

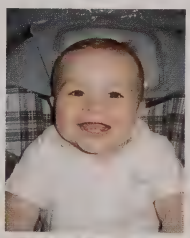
Dylan Long



Dylan,
Your love and passion for film is beyond compare, so here is a list of advice from the 'Godfather' to share:

"Don't make promises you can't keep. Don't get involved in the personal lives of other people. Family always comes first. Never go against your loved ones. Don't let emotions guide your actions."

Keep moving forward even when you think the tribe has spoken to put out your fire. Your family tribe loves you and can't wait to witness all your future adventures.

Love,
Dad, Mom, Ally & Cooper

Kendra Foley

Kendra,

As you graduate from high school, we've loved cheering you on! More than that, we stand amazed at what you've been able to accomplish in four years:
true friendships,
sports goals achieved,
success at your studies,
Marketing & D.E.C.A. ambitions met! Good relationships with teachers and coaches.
Volunteering for causes that matter to you,
Making a difference through daily efforts.
Kindness that's not for show.
Supporting those who need you.
You are not about being the best,
You are about being *your* best.
Headed to Bentley; you're prepared, because you embraced high school, when you had the opportunity. We love being your parents. Thanks for being You!
We love you!

THE FUTURE IS NOW

When ChatGPT hit the scene in November 2022, it did not like the start of such hype. But by fall of 2023, the artificial intelligence (AI) bot could not only answer questions and assist with writing prose, music, and code, it could accompany descriptions to create images with automated processes, and other media.

As its developer, OpenAI, rapidly released new updates, people were able to upload images for the bot to analyze and research for such circumstances as how to assemble furniture or determine appropriate and creative responses to photographed meals and food. The bot also gained a voice in October 2023, so that users could speak to it and receive responses, like Siri and Alexa.

The proliferation of AI chatbots usually brought concerns that it could replace human interaction, spread misinformation, and eliminate some positions such as customer service and copywriters. Experts began to consider the implications of a world filled with AI.

ISRAEL DECLARES WAR

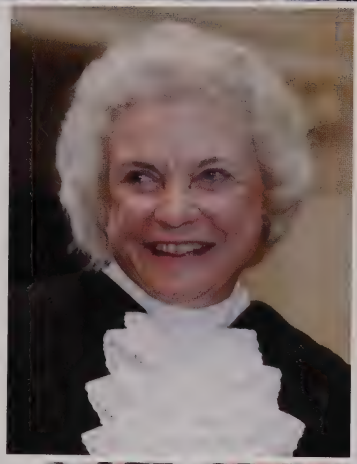
On October 7, 2023, a Jewish holy day and the Sabbath, Hamas forces in the Gaza Strip invaded and attacked Israel, leading to the death of more than 1,200 Jewish civilians, injuring 2,000, and taking more than 240 people — men, women, elderly, and children — hostage.

On October 8, 2023, Israel declared war on Hamas, and within days it began its air strikes and ground offensives in the Gaza Strip.

Humanitarian agencies worldwide pleaded for a cease-fire and aid for civilians after a month of assaults on Gaza resulted in Palestinian deaths. More than 100 hostages held in the Gaza Strip have been released.

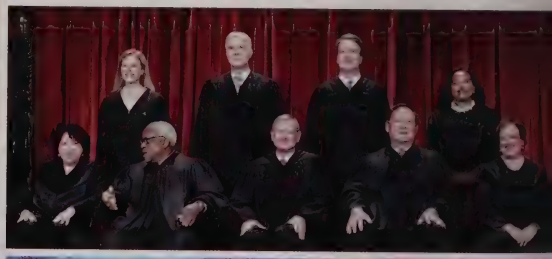
SUPREME PIONEER

The first female Supreme Court justice, Sandra Day O'Connor, died on December 1, 2023, at the age of 93. O'Connor was appointed by President Ronald Reagan in 1981 and was the first woman on the highest court in the United States since its inception almost 200 years before. She championed moderate social conservatism and smaller government.



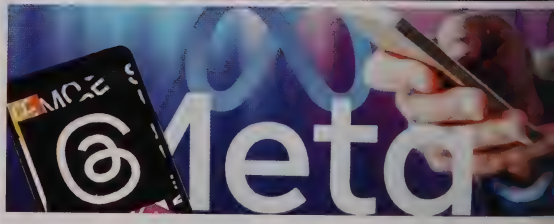
ADMISSION DECISION

On June 29, 2023, the U.S. Supreme Court reversed its ruling on affirmative action in college and university admissions, mandating that admissions criteria must be colorblind. The application process of two elite institutions, Harvard and the University of North Carolina, were examined for considering race as one of many factors in evaluating qualified applicants.



SPEAK OUT

After Speaker of the House Kevin McCarthy, struck a deal with Democrats to avert a government shutdown, Representative Matt Gaetz led the vote to oust McCarthy from his speakership in a historic first-of-its-kind moment. After 22 days without a speaker, Republican Representative Mike Johnson was voted in as the 56th speaker of the House on October 25, 2023.

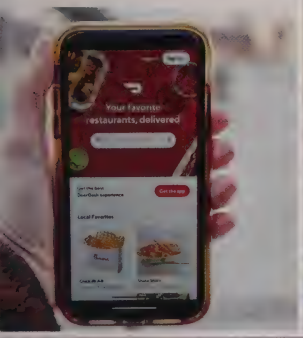


COMMON THREADS

When Meta's new social media platform, Threads, made its debut in July 2023 by posting a link on Instagram, 100 million people joined within the first five days. Its success was attributed to its promise to be friendlier than X (formerly Twitter) and easier to share across multiple platforms. But within six weeks, users dwindled to 10 million, and celebrity posts quickly faded.

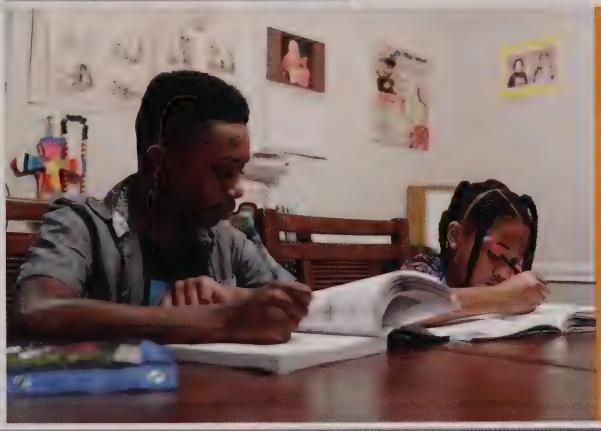
DOORDASH CASH

DoorDash, the delivery app that hired independent contractors, called "dashers," announced in November 2023 not tipping for deliveries could cause longer wait times for orders. Although the company paid its drivers between $2 and $10 per delivery, dashers could choose which deliveries to take and were quicker to choose those with tips.



SHELTER STRUGGLE

With more than 116,000 migrants arriving in New York City since April 2022, and more than 19,000 migrants arriving in Chicago since August 2022, the two sanctuary cities struggled to provide shelter and care for people being bussed from the southern border.



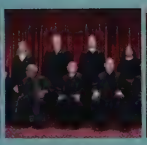
LEARNING CURVE

Nearly two years after most American schools returned to in-person learning and traditional school-day schedules, homeschooling was still on the rise in the U.S. With 4.3 million children learning at home, public schools saw a 4% drop in enrollment, while homeschooled students increased by 61% over the past six years, and private schools saw a 7% increase in enrollment.

STUCK IN THE MUD

After 0.8 inches of rain in just 24 hours pelted the Burning Man Festival in the Nevada Black Rock Desert on September 2, 2023, a sloppy mess trapped nearly 80,000 activists, artists, and musicians as more than a foot of mud closed roads. Stuck partygoers conserved food and supplies without working toilets.

HEADLINES



TEAMING UP

With the expansion of three NCAA conferences — the Big 10, Big 12, and Southeastern Conference (SEC) — mega conferences were planning their debut in fall 2024. The three power conferences would encompass 50 schools and colleges in 30 states and would span four time zones, increasing college athletes' competition and travel time.

E-BIKE SPIKE

Electric bikes, known as e-bikes, grew in popularity in 2023, with many exceeding 20 miles per hour, which is the legal limit for teens in most states. As e-bike accidents increased among youths, concerns rose about the bikes being too fast for sidewalks and too slow for street traffic, as well as dangerous for young riders who had less road and driving experience.

HEAVY MEDALS

Just three years after walking away from the Tokyo Olympics, 26-year-old Simone Biles became the all-time most decorated athlete at the 2023 World Gymnastics Championship, where she won her 37th medal — a gold in the all-around finals. She was also honored for being the first to successfully perform a Yurchenko double pike; the skill was officially renamed "Biles II" — the fifth skill named for her.

ACED IT

The Las Vegas Aces secured a historic place in Women's National Basketball League (WNBA) history on October 19, 2023, when they beat the New York Liberty 70–69 to become back-to-back champions. They were the third team in WNBA history to be repeat champions, and the first in 21 years. The win in Game 4 of the finals was hard fought, with two starters sidelined with foot injuries in Game 3. Forward A'ja Wilson scored 24 points and 16 rebounds.

NCAA LEGEND

The youngest NCAA Division I head coach, Erin Matson, sealed her legendary status as a University of North Carolina Tar Heel. The former three-time National Player of the Year took over her former field hockey team's program as a rookie coach at age 23. With Matson at the helm, the Tar Heels won the 2023 Division I NCAA Field Hockey Championship, beating the Northwestern Wildcats 2–1 in a penalty shootout.

IN WITH THE NEW

The International Olympic Committee approved four new sports for youth to be included in the 2024 Paris Summer Olympic Games. Breaking, sport climbing, skateboarding, and surfing will earn newcomers that reward both athletic ability and creativity. Breaking, based on acrobatic movements and artwork, emerged from hip-hop culture and was popularized in the 1980s.

SEEING RED

The mascots for the 2024 Olympics and Paralympics made their debut in November 2023, and people asked, "What are they?" The mascots were red hats — Phrygian hats — that symbolized revolution, freedom, and striving. In previous Olympics, the two mascots were distinctly different characters. But the Phryges symbolized that we are all alike, with the Paralympic Phryge sporting a racing blade but otherwise a carbon copy of the Olympic Phryge.

SHOOT FOR THE MOON

NASA laid out plans to send four astronauts to orbit the Moon on its Artemis II mission in November 2024. The mission goal is to build landing pads and then launch a 3-D printer to the surface, which could then print houses out of specialized lunar concrete by 2040.

FACE IT

Facial recognition software began to replace paper tickets and cell phone passes to check in to airports, cruise ships, and theme parks in 2023. Using biometric data, the software was intended to speed up processes, but fears of security and privacy risks left experts and travelers feeling cautious.

JUST GOOGLE IT

Celebrating its 25th birthday on September 27, 2023, Google shared landmark events that launched its global fame. A key moment included searchers flooding Google on February 23, 2000, by searching for Jennifer Lopez' green Versace dress, which she wore to the Grammy Awards, and which launched the desire for Google Images.

SPHERE OF INFLUENCE

The brand-new $2.3 billion-capacity event venue Sphere made its debut on September 29, 2023, in Las Vegas. U2: UV Achtung Baby Live at Sphere opened for the first immersive show inside the 366-foot tall, 516-foot wide cylindrical-style space that featured 260 million video pixels on a wraparound LED canvas and thousands of speakers.

IN AN OCTOPUS' GARDEN

Maneuvering a submersible, remotely operated vehicle (ROV) to explore the Pacific Ocean floor as deep as 16,000 feet, near the Hawaiian Islands, scientists discovered new species of octopuses. In September 2023, they were thrilled to capture video footage of several rare dumbo octopuses known for the two large elephant-ear style fins on their mantle. The creatures are rare because they've adapted to extreme cold and pressure by developing their trademark fins.

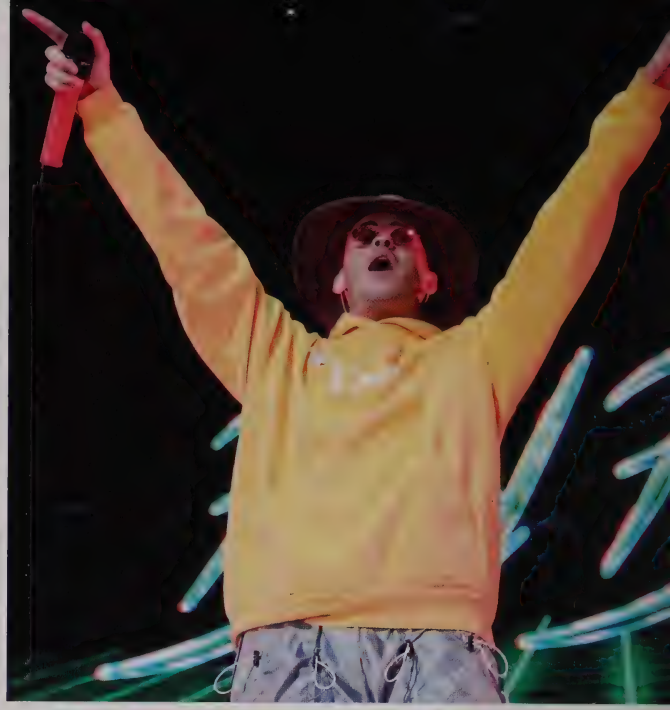
The first images from the NASA-launched TEMPO space probe instrument were released August 24, 2023. TEMPO's 10-year mission was to track and measure air pollution (ozone, aerosols, car emissions, and wildfires) hourly across North America during the day and light pollution at night.

RECORD ORBIT

NASA astronaut Frank Rubio didn't intend to set a record, but when his spacecraft sprung a coolant leak in December of 2022, a six-month mission turned into 371 days at the International Space Station, making his the longest space flight by a U.S. astronaut in history. Rubio traveled 157 million miles by orbiting the Earth 5,963 times, and his mission gave researchers new insight into the effects of being in space for extended time on the human body.

TOPPING THE CHARTS

The top music genres streamed in 2023 ranged from R&B/hip-hop (27.3%) to rock (16.5%) to pop (12.8%) to a new fourth place, Latin music (8.1%), with country (7.9%) slightly behind. As Latin music emerged as the fastest-growing genre, the Puerto Rican artist Bad Bunny earned Artist of the Year at the Latin Music Billboard Awards in October 2023. Shakira and Anitta were the next two top-rated Latin artists.

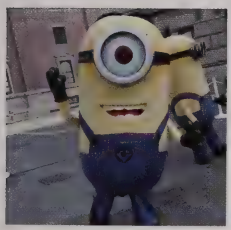


QUEEN B MOVIE

15 months after her record-smashing album dropped, Beyoncé's 2023 Renaissance tour concluded, crushing another record as the highest-grossing tour by a female musical artist ever. Fans, known as the "BeyHive," looked forward *Renaissance: A Film by Beyoncé*, a concert documentary released on December 1, 2023, hyped to see which of her 148 tour outfits would appear on the big screen.

GUY IN THE SKY

It was a sky-high stunt that was more challenging than the accomplished mountain climber expected. On November 9, 2023, Oscar-winning actor and lead singer of the band Thirty Seconds to Mars Jared Leto scaled part of the Empire State Building. At age 51, Leto was the first person in history to legally climb the skyscraper, scaling floors 86–104 in about 20 minutes in an effort to promote his band's new album.



MINION DOMINION

Universal Studios, Fla., got a new look full of yellow, goggle-wearing Minions from *Despicable Me* in August 2023. The updated former Production Central block, renamed Minion Land, featured immersive games, themed treats and settings, and characters based on the Minions' franchise.

SWIFTIE FEVER

When Taylor Swift's Eras Tour kicked off in March 2023, no one could have known how many records it would break. 146 tour dates of the concert that featured music from all of her musical "eras" spanned five continents and helped make Swift the first-ever billionaire whose income was derived from music. Tickets ranged from $49 to more than $3,800 in resale. *Taylor Swift: The Eras Tour*, a concert film released in October 2023, shattered box-office records as the highest-grossing domestic and global concert film release of all time.

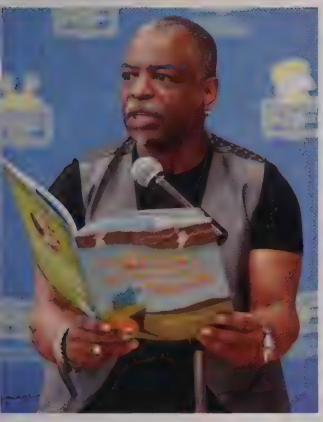
Swiftie fever swept the nation as fans fashioned costumes reminiscent of Swift's style to attend both the concert and the film. Even football fans got on board when she was spotted at Kansas City Chiefs' football games in support of her boyfriend, tight end Travis Kelce.

LOSING A FRIEND

Matthew Perry, who played sarcastic realist Chandler Bing on the iconic Gen-X television series *Friends*, drowned in his jacuzzi at age 54 on October 28, 2023. Perry's death shocked two generations of fans who fell in love with his character and followed his journey through addiction and rehabilitation, which he wrote about in his 2023 memoir, *Friends, Lovers, and the Big, Terrible Thing*.

IN A BARBIE WORLD

The blockbuster movie of 2023 was *Barbie*, starring Margo Robbie and Ryan Gosling and directed by Greta Gerwig. Grossing $1.36 billion from its July 21, 2023, opening through the end of summer, the movie drew fans dressed in pink and wearing *I am Kenough* shirts in droves.



LISTEN UP

Famous for his role in *Star Trek* and beloved by generations for introducing kids to books on his public television show, *Reading Rainbow*, LeVar Burton took on a new endeavor in 2023 with his podcast, *Sound Detectives*. The series was aimed toward young kids with a comic adventure/whodunit plot that uses science exploration themes to help kids develop listening skills.

ON WITH THE SHOW

In 2023, *The Phantom of the Opera*, the longest-running show on Broadway, had its final curtain call. The show ran for 35 years. 2023 also saw post-pandemic audiences soar, with these top five shows drawing audiences back to the theater:

1. *Hamilton*
2. *Hadestown*
3. *Moulin Rouge! The Musical*
4. *Sweeney Todd*
5. *Kimberly Akimbo*

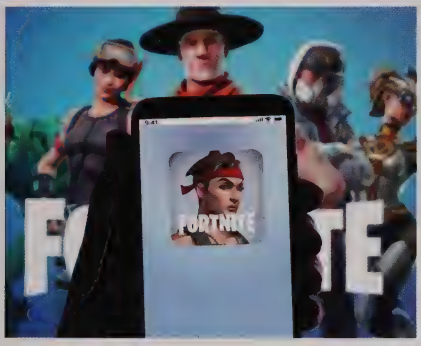
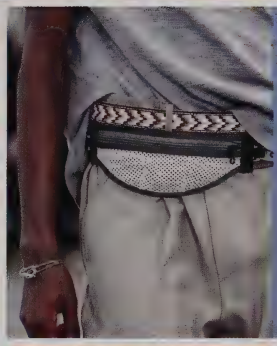
LAUGH IT UP

"Laughing out loud" (lol) was cool in the 1980s. Then came "rolling on the floor laughing" (ROFL), and then emojis took the world by storm starting in 2011. But 2023 saw the popularization of a new acronym: IJBOL (pronounced "eej-bowl"), which stands for, "I just burst out laughing." The expression elicits laughter at untimely moments.





GRAB-AND-GO BAG

Thought to be a nerdy accessory in the 1980s, the fanny pack made a comeback with men and women. Stylish colors, fabrics, and a jaunty cross-body look made these pouches a hip go-to bag in 2023.

NOW IN STYLE

After falling out of style in the 1990s, permed hair, especially for men, made a comeback. A combination of popular TikTok influencers using the hashtag "perm" and K-pop stars like BTS brought back the hairstyle, now being called "new wave."

PLAY FAIR

Epic Games, the makers of the popular online video game Fortnite, were directed in September 2023, to pay Fortnite players $520 million in refunds for deceptive practices that lured people to buy items like costumes and dance moves for gameplay. The company was also found to make it easy for kids under 13 to use their parents' credit cards without consent.

SHOE IN

2023 saw the rise of footwear fashion from three brands with traditionally unglamorous reputations. Hokas, with their chunky soles, were the fastest-growing sneaker brand. Birkenstocks, long associated with hippies and casual comfort, collaborated with haute couture fashion houses and produced sleeker styles. And Crocs stepped it up with Shrek Crocs and Crocs cowboy boots.
